

std::exception

```
classDiagram
    CLException --|> std_exception["std::exception"]
```

The diagram illustrates an inheritance relationship. A light gray box at the top is labeled 'std::exception'. A dark gray box at the bottom is labeled 'CLException'. A blue arrow points from the top of the 'CLException' box to the bottom of the 'std::exception' box, indicating that 'CLException' inherits from 'std::exception'.

CLException
