

JNIContext::dispose

```
graph RL; if[if] --> JNIContext::dispose[JNIContext::dispose];
```

A control flow diagram consisting of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'JNIContext::dispose'. The box on the right is white and contains the text 'if'. A dark blue arrow points from the right side of the 'if' box to the left side of the 'JNIContext::dispose' box, indicating a control flow or jump.
